PRESENT LEVELS OF ACADEMIC ACHIEVEMENT AND FUNCTIONAL PERFORMANCE

Ventura County SELPA IEP

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

Describe present levels of performance in terms of general education expectations. Scores alone are not sufficient. Include specific strengths and weaknesses from the results of all evaluations including any state and/or district-wide assessments, as well as classroom performance. Areas of performance affected by the student's disability must be addressed in IEP; if not, provide rationale in the appropriate box below.

Parent/Student Educational Concerns and Comments: See notes

Academic: Reading

110/2023: Laks participates in classroom reading activities and lessons. He answers comprehension questions with regular success (80%) from fields of 3 and 5. He identifies community and safety signs, accuracy depends on attending and motivation. He has a large vocabulary. He could benefit from having a personal schedule that he can build each day depending on activities.

☑ Annual Goal(s)

Cognitive Functioning

10/2023: Please see next page.

Vocational/Prevocational/Community Access

10/2023: Laks rides the schools adaptive bike out in the community to job sites, shopping, etc. He has increased the duration which he rides without being helped to 20 mins. He has the ability to do many of the things at our job sites, however, motivation is the biggest barrier to his success. He doesn't independently start a task and finish it, he needs many reminders to keep going. He should work on sustaining attention through a job task.

☑ Annual Goal(s)

Academic: Written Language

10/2023: Laks benefits from a physical guide when writing to have legible line adherence and spacing. Laks legibly writes his first name. He copies words when finger spelled to him.

❑ Annual Goal(s)

Communication

10/2023: Please see next page.

☑ Annual Goal(s)

Self-Care/Independent Living

10/2023: Laks will indicate a need to use the bathroom and requires some support with BM, he wears a diaper. He eats independently and will use utensils if required, prefers to eat with his hands. He no longer plays with his food. When prompted he'll look in a mirror and wipe his face after meals. He washes his dishes, needs reminders to continue and finish the task. He could begin basic meal prep for things he would like to eat (trail mix, cereal, sandwich, etc.).

☑ Annual Goal(s)

Academic: Mathematics

10/2023: Laks participates in all math related activities on and off campus. Follows classroom routine and schedule. He can make purchases with a debit card with support. He participates in calendar daily and accurately states the date, day, month, and year unless he is trying to be funny and gets it wrong on purpose. He can purchase with support but he could work on being more independent with it to continue to build on the skill.

☑ Annual Goal(s)

Motor Abilities and/or Recreation/Leisure

10/2023 OT: Laks continues to benefit from fidgets (latex-free) in the classroom. He has also shown an interest in manipulating soft theraputty. Laks will now independently squeeze his hands to assist himself with self-regulation. However, Laks continues to benefit from redirection to using a chewy item rather than engaging in biting his hand. During scheduled down time, Laks often takes breaks on the bean bags or sits outside with peers. He will also ride an adapted trike.

☑ Annual Goal(s)

Health Status/Summary

Hearing: Date 10/16/2023 ❑ Passed ☑ Failed

Vision: Date 10/16/2023 ❑ Passed ☑ Failed

Corrective Lenses: ❑ Yes ☑ No

Medication: ☑ Yes ❑ No if yes, list below:

Claritin-10mg daily as needed, Epi-pen as needed, Tylenol as needed, Xopenex nebulizer. Vimpat 100mg BID

Overall Health:

10/2023: Hx of cleft palate and lip, VSD, and absent semicircular canals. Allergies to Latex, Figs, Amoxicillin, & Augmentin. Hearing: profound bilateral hearing loss and has a cochlear implant for his right ear. Vision: Distance: both eyes 20/25, Right 20/25 Left 20/40. Near: unable to complete screening task. 12/2023: EHCP: Seizures with Midazolam; Anaphylaxis plan with epi pen

Overall				

Social Emotional/Behavioral Functioning

10/2023: Laks is generally in a good mood at school. There is a slight increase in behavior when he is tired. Typical behavior is covering face and eyes with hands. This can last 5-10 seconds. He has worked hard on his communication and this has dramatically decreased other behaviors and duration. He seems to enjoy being around people but is also ok by himself, especially if tired. He will request different activities on break depending on his mood.

❑ Annual Goal(s)

Additional Information:

Laks benefits from a token economy and a high rate of reinforcement in order to increase attending to instruction. He does best with frequent breaks and access to sensory input (e.g., hand squeezes, chewy).

Impact of Disability

Describe how student's disability affects student's involvement and progress in the general education curriculum and/or participation in age appropriate activities:

Laks demonstrates multiple cognitive, physical and social-emotional delays, and has a profound hearing loss, which significantly impact his ability to communicate with peers and adults, learn basic information, and follow routines without close supervision. He requires routine and predictability while following a picture/realia schedule.

PRESENT LEVELS OF ACADEMIC ACHIEVEMENT AND FUNCTIONAL PERFORMANCE

- ☐ Impact of Disability

10/2023 COMMUNICATION:
Laks participates in individual and group speech sessions with assistance from his interpreter. Laks' functional communication skills include gestures, facial expression, signed words and signed phrases, and the emerging skill of using an iPad with GoTalkNow+ when his interpreter is not available. Laks infrequently shows frustration by grabbing his face or biting his hand. He can be redirected to stop and use his words to tell staff what is bothering him. Laks sometimes initiates a request for a break or for preferred activities such as eating or riding a bike. He uses a variety of functional signs and sign approximations to respond to questions and make requests. Receptively, he follows single step directions that are signed to him or spoken when his cochlear implant is on. Laks is most successful following a classroom routine and he benefits from visual schedules which help keep his attention focused. Socially, Laks waves to greet staff and peers and participates in groups by responding to questions with signs. He would benefit from continued practice initiating a request using a communication board or iPad with GotTalkNow+ when his interpreter is not available.

10/2023: Cognitive Functioning:
Based on previous assessment results (10/2021), Laks continued to demonstrate cognitive skills below the average range. On the Ordinal Scales, Laks demonstrated solidly developed skills within the first preoperational stage of development, with several skills within the second preoperational stage. He has good matching and sorting skills, can complete sets of graduated tasks by size order, recognizes part-to-whole relationships and demonstrates understanding of symbolic language by receptively identifying body parts and objects and expressively identifying pictures and objects. He demonstrated one-to-one correspondence, understanding of serial order, and classification of items into two different categories (e.g. foods and transportation).

TRANSITION TO ADULT LIFE
(This page must be completed no later than the student's 16th birthday and every year thereafter.)
Ventura County SELPA IEP

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

☑ **Student was invited to IEP meeting.** *If student was not present at the IEP meeting, note how his/her input was obtained:*
❑ Conference ❑ Interview ❑ Other: observations

☑ **Age-appropriate Transition Assessments *(must be done prior to age 16)*:**

Career Interest tool: Unique Date: 10/25/2023
Use results along with skills/aptitude tools below to assist in determining preferences and interests.

Skills/Aptitude tool: Pictorial Interest Inventory Date: 10/22/2023
Use results to determine needs related to transition goals.

Other: Student/Parent Interview Date: 10/25/2023

CAUTION. . .
Adult Life Ahead
www.vcselpa.org
(805) 437-1560

☑ **The student has identified the following plans for Adult Life (post-school activities) after leaving high school or postsecondary program.** Goals must be developed in Training/Education and Employment. If appropriate, develop goal(s) for Independent Living. The goals for this IEP were developed based on age-appropriate transition assessments.

☑ **Training/Education** (i.e., technical school, college) Within 1 years of exiting school, plans to participate in an adult day program:
☑ See Annual Goal(s)# 1 ____ ____ to address needs related to the above plan.

☑ **Employment** (supported or independent) Within 1 years of exiting school, plans to be employed in supported employment
☑ See Annual Goal(s) # 4 ____ ____ to address needs related to the above plan.

☑ **Independent Living** Within 1 years of exiting school, plans to live with parents with minimal assistance
☑ See Annual Goal(s) # 7 ____ ____ to address needs related to the above plan.

☑ **Transition and additional related services** that support the attainment of and reasonably enable the student to meet the above goals are on the Student Information and Services page. There must be at least one service to address each of the goals noted above. Services may include development of employment and other post-school adult living objectives, instruction, community experiences, related services, daily living skills, or functional vocational evaluation.

Notice of Transfer of Rights:
☑ Family/student were informed that all rights will be/were transferred to the student at age 18, or to the conservator for a conserved student. *See Parent Rights and/or Adult Student Rights.*

COURSE OF STUDY
(This page must be completed no later than the student's 16th birthday and every year thereafter.)

Ventura County SELPA IEP

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

GRADUATION/EXIT CONSIDERATIONS*: Graduation from high school with a regular diploma is a change of placement that ends the district's obligation to provide a Free Appropriate Public Education (CFR 300.102(a)(3)(1)).*

- ☐ Diploma ☐ Other _____
- ☑ Certificate of Achievement/Completion: check criterion that apply.
  - ☑ Complete Board approved prescribed alternate course of study (see below)
  - ☐ Meet IEP goals during high school (describe) _____
  - ☐ Have satisfactory attendance in high school and participate in instruction.

☑ **COURSE OF STUDY:** ☐ See attached graduation check or student transcript that includes a multi-year plan. ☑ See below.

The following projected course of study is directly related to transition plans/goals, based on current district graduation requirements, student's interests and preferences (may be an alternate course of study)*: May be revised if the student's goals for life after public school change.*

ANNUAL GOALS & OBJECTIVES

Ventura County SELPA IEP

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

Area of Need: Transition to Adult Life **Responsible Personnel:** Special Education Teacher & Occupational Therapist

Reason for goal (Describe current needs in this area. Summarize progress on last year's goal in this area, if applicable.):
To increased Lakshmann's independence with vocational tasks.

Baseline (must include observable behavior or skill, current level of accuracy and consistency, & measurement instrument):
Currently, Lakshmaan initiate and complete a 3 item schedule of mastered vocational tasks, with no more than 2 gestural prompts, 0 out of 1 opportunities. The amount of prompts per task varies based on the task. However, Laks often requires 2-5 prompts per task to initiate, complete multiple trials of a task (ex. wrapping 5 sets of silverware), and for thoroughness (ex. wiping all parts of a table top).

For EL students, the goal is linguistically appropriate. Specify language of instruction: ☐ **English** ☐ **Spanish** ☐ **Other:**

Annual Goal 1
By 10/19/2024, in the learning environment and with visual supports (ex. visual schedule, task analysis), Lakshmann will initiate and complete a 3+ item schedule of non-mastered vocational tasks, with no more than 2 gestural prompts, 4 out of 5 opportunities, as measured by data collection.

❑ **Enables student to be involved/progress in general curriculum** **and/or** ❑ **Addresses other educational needs resulting from the disability**

Category: Employment: Work Competencies III-A-1 (Standard Number) **Domain:**

Objective:
By 1/31/2024, in the learning environment and with visual supports (ex. visual schedule, task analysis), Lakshmann will initiate and complete a 3+ item schedule of mastered vocational tasks, with no more than 3 gestural prompts, 1 out of 5 opportunities, as measured by data collection.

Objective:
By 3/31/2024, in the learning environment and with visual supports (ex. visual schedule, task analysis), Lakshmann will initiate and complete a 3+ item schedule of non-mastered vocational tasks, with no more than 3 gestural prompts, 2 out of 5 opportunities, as measured by data collection.

Objective:
By 6/7/2024, in the learning environment and with visual supports (ex. visual schedule, task analysis), Lakshmann will initiate and complete a 3+ item schedule of non-mastered vocational tasks, with no more than 2 gestural prompts, 3 out of 5 opportunities, as measured by data collection.

Parents will receive a report of progress on these goals and objectives at the intervals specified on the Agreement/Attendance page.

ANNUAL GOALS & OBJECTIVES

Ventura County SELPA IEP

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

Area of Need: Communication **Responsible Personnel:** Speech-Language Pathologist/SLPA, DHH Specialist, and Special Ed Teacher

Reason for goal (Describe current needs in this area. Summarize progress on last year's goal in this area, if applicable.):
Laks made great progress toward initiating requests and comments with his iPad with GoTalkNow+ and with communication boards when his interpreter is not available. He continues to require an initial verbal prompt to "use his words" begore he engages staff using the iPad. Laks agreed that he would benefit from continued work on the goal with fewer prompts.

Baseline (must include observable behavior or skill, current level of accuracy and consistency, & measurement instrument):
Currently, in the learning environment when his interpreter is not available, Laks initiates communication to request by taking a communication board or speech generating device to a staff member or peer, gaining attention, and expressing what he wants to say in 3 of 10 opportunities per week as measured by observation record and data collection over two weeks.

For EL students, the goal is linguistically appropriate. Specify language of instruction: ☐ **English** ☐ **Spanish** ☐ **Other:**

Annual Goal 2
By 10/19/2024, in the learning environment when his interpreter is not available, Laks will initiate communication to request by taking a communication board or speech generating device to a staff member or peer, gaining attention, and expressing what he wants to say in 8 of 10 opportunities per week as measured by observation record and data collection over two weeks.

☐ **Enables student to be involved/progress in general curriculum** **and/or** ☑ **Addresses other educational needs resulting from the disability**

Category: Standard Number **Domain:** Communication

Objective:
By 1/31/2024, in the learning environment when his interpreter is not available, Laks will initiate communication to request or comment by taking a communication board or device to a staff member or peer, gaining attention, and expressing what he wants to say following a verbal and a gestural prompt in 5 of 10 opportunities per week as measured by observation record and data collection over two weeks.

Objective:
By 3/31/2024, in the learning environment when his interpreter is not available, Laks will initiate communication to request or comment by taking a communication board or device to a staff member or peer, gaining attention, and expressing what he wants to say following a verbal and a gestural prompt in 6 of 10 opportunities per week as measured by observation record and data collection over two weeks.

Objective:
By 6/7/2024, in the learning environment when his interpreter is not available, Laks will initiate communication to request or comment by taking a communication board or device to a staff member or peer, gaining attention, and expressing what he wants to say following a gestural prompt in 7 of 10 opportunities per week as measured by observation record and data collection over two weeks.

Parents will receive a report of progress on these goals and objectives at the intervals specified on the Agreement/Attendance page.

ANNUAL GOALS & OBJECTIVES

Ventura County SELPA IEP

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

Area of Need: Communication **Responsible Personnel:** Speech-Language Pathologist/SLPA and Special Ed Teacher

Reason for goal (Describe current needs in this area. Summarize progress on last year's goal in this area, if applicable.):
Laks responds appropriately to greetings from staff and peers. He does not extend a greeting back to a person or initiate a greeting without being prompted. Practice lengthening his greetings for a typical interaction (Hi, how are you? I'm fine, thanks. How are you?) would help Laks continue to grow his relationships with peers and the people around him.

Baseline (must include observable behavior or skill, current level of accuracy and consistency, & measurement instrument):
Currently, in the learning environment, Laks initiates or replies to a greeting ("Hi, how are you?" or "I'm ____. How are you?") using sign or his speech generating device and respond with an appropriate follow up to the person's response following a verbal and a gestural prompt in 0 of 10 opportunities as measured by observation record and data collection over two weeks.

For EL students, the goal is linguistically appropriate. Specify language of instruction: ☐ **English** ☐ **Spanish** ☐ **Other:**

Annual Goal 3
By 10/19/2024, in the learning environment, Laks will initiate or reply to a greeting ("Hi, how are you?" or "I'm ____. How are you?") using sign or his speech generating device and respond with an appropriate follow up to the person's response following a verbal and a gestural prompt in 7 of 10 opportunities as measured by observation record and data collection over two weeks.

☐ **Enables student to be involved/progress in general curriculum** **and/or** ☑ **Addresses other educational needs resulting from the disability**

Category: Standard Number **Domain:** Communication

Objective:
By 1/31/2024, in the learning environment, Laks will initiate or reply to a greeting ("Hi, how are you?" or "I'm ____. How are you?") using sign or his speech generating device and respond with an appropriate follow up to the person's response following model and a verbal and a gestural prompt in 3 of 10 opportunities as measured by observation record and data collection over two weeks.

Objective:
By 3/31/2024, in the learning environment, Laks will initiate or reply to a greeting ("Hi, how are you?" or "I'm ____. How are you?") using sign or his speech generating device and respond with an appropriate follow up to the person's response following a model and a verbal and a gestural prompt in 5 of 10 opportunities as measured by observation record and data collection over two weeks.

Objective:
By 6/7/2024, in the learning environment, Laks will initiate or reply to a greeting ("Hi, how are you?" or "I'm ____. How are you?") using sign or his speech generating device and respond with an appropriate follow up to the person's response following a verbal and a gestural prompt in 5 of 10 opportunities as measured by observation record and data collection over two weeks.

Parents will receive a report of progress on these goals and objectives at the intervals specified on the Agreement/Attendance page.

ANNUAL GOALS & OBJECTIVES

Ventura County SELPA IEP

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

Area of Need: Communication **Responsible Personnel:** Speech-Language Pathologist/SLPA and Special Ed Teacher

Reason for goal (Describe current needs in this area. Summarize progress on last year's goal in this area, if applicable.):
Laks is working toward independence in his daily routine. He would benefit from use of a personal schedule to refer to so he knows what he is doing next in his day.

Baseline (must include observable behavior or skill, current level of accuracy and consistency, & measurement instrument):
Currently, in the learning environment, Laks uses a personal schedule to check off daily tasks he performs at school and to cue him to engage in his next task following a verbal prompt in 0 of 10 opportunities as measured by observation record over two weeks.

For EL students, the goal is linguistically appropriate. Specify language of instruction: ☐ **English** ☐ **Spanish** ☐ **Other:**

Annual Goal 4
By 10/19/2024, in the learning environment, Laks will use a personal schedule to check off daily tasks he performs at school and to cue him to engage in his next task following a verbal prompt in 8 of 10 opportunities as measured by observation record over two weeks.

☐ **Enables student to be involved/progress in general curriculum** **and/or** ☑ **Addresses other educational needs resulting from the disability**

Category: Standard Number **Domain:** Communication

Objective:
By 12/31/2023, in the learning environment, Laks will use a personal schedule to check off daily tasks he performs at school and to cue him to engage in his next task following a verbal prompt and a gestural prompt in 4 of 10 opportunities as measured by observation record over two weeks.

Objective:
By 3/31/2024, in the learning environment, Laks will use a personal schedule to check off daily tasks he performs at school and to cue him to engage in his next task following a verbal prompt and a gestural prompt in 6 of 10 opportunities as measured by observation record over two weeks.

Objective:
By 6/7/2024, in the learning environment, Laks will use a personal schedule to check off daily tasks he performs at school and to cue him to engage in his next task following a verbal prompt in 7 of 10 opportunities as measured by observation record over two weeks.

Parents will receive a report of progress on these goals and objectives at the intervals specified on the Agreement/Attendance page.

ANNUAL GOALS & OBJECTIVES

Ventura County SELPA IEP

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

Area of Need: Functional Academics Reading **Responsible Personnel:** Special Ed Teacher

Reason for goal (Describe current needs in this area. Summarize progress on last year's goal in this area, if applicable.):
Laks will benefit from creating his own visual schedule so he becomes more of a stakeholder in decisions about his day.

Baseline (must include observable behavior or skill, current level of accuracy and consistency, & measurement instrument):
Currently, in the learning environment, given two gestural prompts, Laks will create a personalized daily schedule from a list of options that correspond to time of day activities (i.e. break then snack, snack then break), in 0 of 5 opportunities.

For EL students, the goal is linguistically appropriate. Specify language of instruction: ☐ **English** ☐ **Spanish** ☐ **Other:**

Annual Goal 5
By 10/19/2024, in the learning environment, given two gestural prompts, Laks will create a personalized daily schedule from a list of options that correspond to time of day activities (i.e. break then snack, snack then break), in 5 of 5 opportunities over a one week period as measured by observation and teacher recorded data.

❑ **Enables student to be involved/progress in general curriculum** **and/or** ❑ **Addresses other educational needs resulting from the disability**

Category: Reading **Domain:** Functional Academics
Standard Number

Objective:
By 1/31/2024, in the learning environment, given 5 gestural prompts, Laks will create a personalized daily schedule from a list of options that correspond to time of day activities (i.e. break then snack, snack then break), in 2 of 5 opportunities over a one week period as measured by observation and teacher recorded data.

Objective:
By 3/31/2024, in the learning environment, given 4 gestural prompts, Laks will create a personalized daily schedule from a list of options that correspond to time of day activities (i.e. break then snack, snack then break), in 3 of 5 opportunities over a one week period as measured by observation and teacher recorded data.

Objective:
By 6/7/2024, in the learning environment, given 3 gestural prompts, Laks will create a personalized daily schedule from a list of options that correspond to time of day activities (i.e. break then snack, snack then break), in 4 of 5 opportunities over a one week period as measured by observation and teacher recorded data.

Parents will receive a report of progress on these goals and objectives at the intervals specified on the Agreement/Attendance page.

ANNUAL GOALS & OBJECTIVES

Ventura County SELPA IEP

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

Area of Need: Functional Academics Math **Responsible Personnel:** Special Ed Teacher

Reason for goal (Describe current needs in this area. Summarize progress on last year's goal in this area, if applicable.):
Laks should begin to make choices of what to purchase for something that he is going to make/prepare.

Baseline (must include observable behavior or skill, current level of accuracy and consistency, & measurement instrument):
Currently, in the learning environment, with two gestural prompts, Laks will make a list of 2-5 items (ingredients) to purchase in order to make a preferred snack/meal (i.e. sandwich, trail mix) in 0 of 5 opportunities.

For EL students, the goal is linguistically appropriate. Specify language of instruction: ☐ **English** ☐ **Spanish** ☐ **Other:**

Annual Goal 6
By 10/19/2023, in the learning environment, with two gestural prompts, Laks will make a list of 2-5 items (ingredients) to purchase in order to make a preferred snack/meal (i.e. sandwich, trail mix, cereal) in 4 of 5 opportunities over a 4 week period, measured by observation and teacher recorded data.

❑ **Enables student to be involved/progress in general curriculum** **and/or** ❑ **Addresses other educational needs resulting from the disability**

Category: Math **Domain:** Functional Academics
Standard Number

Objective:
By 1/31/2024, in the learning environment, with five gestural prompts, Laks will make a list of 2-5 items (ingredients) to purchase in order to make a preferred snack/meal (i.e. sandwich, trail mix, cereal) in 1 of 5 opportunities over a 4 week period, measured by observation and teacher recorded data.

ANNUAL GOALS & OBJECTIVES

Ventura County SELPA IEP

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

Area of Need: Functional Academics-Reading **Responsible Personnel:** Special Ed Teacher

Reason for goal (Describe current needs in this area. Summarize progress on last year's goal in this area, if applicable.):
Knowing community and safety signs will help with independence and community awareness.

Baseline (must include observable behavior or skill, current level of accuracy and consistency, & measurement instrument):
Currently, in the learning environment, Laks will independently identify and display understanding of 10 community and safety signs in 0 of 5 opportunities.

For EL students, the goal is linguistically appropriate. Specify language of instruction: ☐ **English** ☐ **Spanish** ☐ **Other:**

Annual Goal 8
By 10/19/2024, in the learning environment, Laks will independently identify and display understanding of 10 community and safety signs in 4 of 5 opportunities over a two week period as measured by observation and teacher recorded data.

❑ **Enables student to be involved/progress in general curriculum** **and/or** ❑ **Addresses other educational needs resulting from the disability**

Category: Standard Number **Domain:**

Objective:
By 1/31/2023, in the learning environment, given three verbal and three gestural prompts, Laks will identify and display understanding of 2 community and safety signs in 4 of 5 opportunities over a two week period as measured by observation and teacher recorded data.

Objective:
By 3/31/2023, in the learning environment, given two verbal and two gestural prompts, Laks will identify and display understanding of 4 community and safety signs in 4 of 5 opportunities over a two week period as measured by observation and teacher recorded data.

Objective:
By 6/8/2023, in the learning environment, given one verbal prompt, Laks will identify and display understanding of 7 community and safety signs in 4 of 5 opportunities over a two week period as measured by observation and teacher recorded data

Parents will receive a report of progress on these goals and objectives at the intervals specified on the Agreement/Attendance page.

ACCOMMODATIONS and MODIFICATIONS for CLASSROOM INSTRUCTION & ASSESSMENT

County Office of Education (VCOE)

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

ACCOMMODATIONS needed for student to be involved and progress in the core curriculum (must be related to student's disability):

Note: Accommodations do NOT fundamentally alter or lower standards of course/test. Students receiving accommodations in the classroom shall be eligible to receive the same grade.

The accommodations listed below apply to all subjects and settings unless specified otherwise.

SETTING / SCHEDULING	TEACHER DIRECTIONS	STUDENT RESPONSE
Visual schedule	Ignore minor inappropriate behaviors	Access to a touch screen monitor
Seat away from background noise and visual distractors	Fewer items on a page	Alternative response mode (sign or pointing)
Warning before transitions	Frequent checks for understanding	Communication board
Frequent breaks	Directions given through visual/signed cues	Visual cue for student to wait for turn
Token Chart	Simple directions	Visual cue for student to wait in ASL
Extended time to complete assignments	Verbal encouragement	Increased verbal/sign response time
Designated seat close to teacher with right ear toward speake	Praise for specific behavior	Specialized paper or higlighted baseline for word placement
Visual access to ASL interpreter, teacher and instruction	Warn student of environmental changes	Speech generating device with GoTalk Now Plus
Visual timer	Gain attention before giving directions and instruction	
SELF-REGULATION	**ORGANIZATION / STUDY SKILLS**	**PERSONAL CARE / EQUIPMENT**
Latex free oral fidget (e.g. chewy tube, T tube)	Visual schedule	Assistance with toileting
Sensory strategies/breaks used within the classroom	Alternative materials (highlighter, wiki stix)	Monitor self-feeding for smaller bites and sips at meal times
Latex free Fidget objects	Add school calendar to iPad	Toileting at habitual intervals
Warn student of changes to schedule		Prompt to wipe mouth/face with napkin/wipe when eating
Warn student of changes to environment		Encourage use of fork/spoon for appropriate foods
Extra/immediate privileges/rewards		Transport Chair
Use of self-monitoring strategies		Tactile replacement item during mealtimes (ex. wet towel/napk
Latex free TheraBand for legs of chair/desk		Cochlear implant (right ear) (prompt to assemble and put on)
Calming activities		wipes - disposable

MODIFICATIONS needed: *Note: modifications DO fundamentally alter or lower standards of course/test.* Overall Report Card Type: Alternate

The modifications stated below are provided in the classroom on a daily basis for the duration of instruction in the subject(s) specified.

	ASSIGNMENTS / TESTS		COURSES / SUBJECTS	
SUBJECT	**MODIFICATIONS**	**GRADING**	**MODIFIED REQUIREMENTS**	**GRADING**
All subjects	N/A – using modified curriculum	No grade; comments only	Alternative curriculum	None
			Functional skills curriculum	

POSITIVE BEHAVIOR INTERVENTION PLAN

Ventura County SELPA

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

Behavior interfering with learning (Problem Behavior): *(include frequency, duration and/or intensity as appropriate)*

Self-Injury: Biting finger with moderate to severe force (on average 1/week), Squeezing forehead: squeezing temples/forehead with one hand using thumb/fingers (occurs on average 2-3 times per week, with a duration of 1-10 seconds).
Self-stimulatory behavior: Turning head to the side, staring away from activity (< 10 s.), repetitive hand movements occur throughout the school day, repetitive laughter unrelated to activity has reduced, he is easily redirected to task. Outburst behaviors of clapping hands intensely, kicking feat while seated, pushing chair/desk back, dropping to ground have not been observed.

Communicative function of behavior:

☑ Escape ☐ Attention ☐ Sensory ☐ Tangible

Describe: *(include antecedents/consequences as appropriate)*

Behaviors occur in a cluster, precursors include looking away, mild squeezes to forehead, biting finger lightly Antecedents: having request denied, being redirected back to task, having task/demand presented and transitions between locations/activities. Morning arrival transition has reduced. Consequences: Demands are removed/given a break, offered a fidget/chewy, prompted to communicate using ASL, visuals and gestures.

Positive/Replacement Behavior: *(serves the same function as the problem behavior – not simply the absence of the problem behavior)*

When wanting to escape or protest, Laks will use total communication to let staff know his want/needs, request a break, or to be All Done.

Reduction of Problem Behavior: *(note strategies, who will implement and when)*

Daily, Teacher/Classroom staff/Specialists will : -Consult with OT to address self-regulation needs/movement breaks, -Implement sensory strategies per recommendation of OT (e.g.,chewy, theraband), -Use of visuals (e.g., visual timer, task analyses, visual schedule with checkboxes to signal, completion/how long is left, -Use of First/Then language and visuals, alternating preferred and non-preferred tasks, -Offer longer breaks throughout the day as needed, reducing demands when Laks appears fatigued or frustrated, -Monitor for signs of pain, -Provide consistent access to adapted bike for all off-campus CBIs and activities requiring Laks to stand for longer than 5 minutes for safety as well as optimal participation due to fatigue

Increase of Positive/Replacement Behavior: *(note strategies, who will implement and when)*

Daily, Teacher/Classroom staff/Specialists will: -Model/prompt communicating wants and needs using ASL and other communication systems across all settings, -Model and prompt the "break" or "all done" when frustrated, -Teach, model and prompt to tap to get an adult's attention, -Honor communicative intent: Immediately honor all appropriate requests/attempts at communication through verbal praise, acknowledgement, using First/Then strategies, and visual timer when Laks must wait, -Model and prompt the "break" or "all done", -Practice calming strategies when in a regulated state, -Allow processing time when presenting choices, questions, transitions and changes in routine, -Offer structured choices throughout the day, limiting choice of two options

Reinforcement: *(note reinforcers, who will administer and when)*

Daily, Teacher/Classroom staff/Specialists will:
-Immediately providing requested item/activity whenever possible (use First/Then language, token board and/or timer when he must wait).
Tangible reinforcers include: iPad, various tactile items (cautious of putting small items in mouth -- sand, play dough), bubbles, fidgets, rest on bean bags, outside break. Provide visuals for possible reinforcement choice

Reactive Strategies: *(if problem behavior occurs):*

For self-stim/looking away behavior: Provide minimal attention when redirecting to task, use a gesture, limit eye contact.
For self-injury: Prompt Laks to utilize sensory strategy (e.g., squeeze finger, use chewy) then prompt functional communication.
If Laks request a break, break should be short (1-3 minutes), and Laks should return to the original activity.

Personnel responsible for overseeing plan: Case manager

See IEP goal(s) related to this plan. Goal number(s): 2

LEAST RESTRICTIVE ENVIRONMENT

Ventura County SELPA IEP

Student Name **Nambi, Lakshmaan S** D.O.B. 8/18/2002 Meeting Date 10/19/2023

Promotion and Retention Standards (Grades 2-8) ❑ Regular district criteria ❑ Individualized criteria, specify (reading for gr. 2 & 3; English/language arts and math for all other grades):

Special Factors Affecting Learning and Placement Do any of the following special factors apply? If yes, describe interventions, strategies and/or supports.

☑ Yes ❑ No Behavior interferes with learning (of self or others): Goals for behavior Positive Behavior Support Plan

❑ Yes ☑ No Language needs of English Learner (EL) Grades TK-12 only :

❑ Yes ☑ No Braille instruction for students with blindness or visual impairment:

☑ Yes ❑ No Communication needs, including students who are deaf or hearing impaired: Sign language paraprofessional See speech/language goals and services

☑ Yes ❑ No Assistive technology devices and services: Speech generating device dynamic displa

❑ Yes ☑ No Low Incidence Equipment to be acquired:

Program Considerations

☑ The IEP Team considered the following factors to determine the least restrictive environment for the student:

- *The level of his/her individual needs as reflected on this IEP*
- *Removal from general education only when the nature or severity of the educational needs are such that education in general classes with supplementary aids and services cannot be achieved satisfactorily*
- *Placement with age-appropriate peers and participation with students without disabilities to the maximum extent appropriate in non-academic and extracurricular activities*
- *Any potential harmful effect on the social and personal needs, the level of educational functioning, or the quality of services which s/he needs*

Check each program option discussed:

- ❑ General education class(es) with special education monitoring, consultation, collaboration, accommodations or modifications
- ❑ General education class(es) with special education services provided individually or in small groups in the classroom
- ❑ General education class(es) with special education services provided individually or in small groups outside the classroom
- ❑ Special education class(es) with part-time integration for academics in general education classroom
- ☑ Special education class(es) with integration into non-academic and/or extracurricular activities in general education classrooms or settings.
- ☑ Full-time special education class(es) in a public school
- ❑ Full-time special education class(es) in a Nonpublic School (NPS)
- ❑ Home/hospital instruction
- ❑ (For preschoolers only) Related Services only
- ❑ Other:

Offer of Free Appropriate Public Education (FAPE) - Describe student's overall school program, including supports needed for extracurricular activities (if any):

Laks will participate in a self-contained setting with evidence-based specialized academic instruction designed to meet his individual needs throughout the school day including lunch and recreation/leisure times, with emphasis on integration within the community to include community-based instruction and vocational training. Occupational therapy services delivered through consultation and collaboration. Speech services delivered in four 30-minute individual and four 30-minute group sessions monthly with up to ten students led by an SLP/SLPA with adult assistance for active participation. DHH services delivered through consultation/collaboration. Transition services provided as indicated on Student Information and Services page. Extended School Year (ESY) includes specialized academic instruction in a self-contained setting based on the school calendar with limited opportunities for integration. Intensive Individualized Services provided by rotating adult to foster independence and maximize generalization of skills and reduce dependence on one particular adult. Laks will age out of special education and the public school 6/30/2024 as he turns 22 on 8/18/2024.

If placement in other than general education, provide rationale: Due to significant cognitive delays, the student needs staff with specialized training.

If placement in other than home school, provide rationale: Requires special class not available at home school.

Other placement rationale: Based on assessments & goals needs can be met by a teacher authorized to service students with D/HH ,consult with teacher with autism authorization

Supplementary Supports / ESY Services / Transportation

Ventura County Special Education Local Plan Area (SELPA) Individualized Education Program (IEP)

Student Name: Nambi, Lakshmaan S DOB: 8/18/2002 Meeting Date: 10/19/2023

EMERGENCY CONDITIONS PROVISIONS

County Office of Education (VCOE)

Student Name **Nambi, Lakshmaan S** D.O.B. 8/18/2002 Meeting Date 10/19/2023

If instruction or services, or both, cannot be provided to the pupil either at the school or in person for more than 10 school days due to emergency conditions, the IEP will be provided by means of "distance learning" to the extent feasible, as determined by your child's teachers, in light of the emergency circumstances at that time. This applies to the special education and related services in the IEP, including post-secondary transition services, extended school year services, and supplementary aids and services. These provisions do not constitute a change to the District's offer of FAPE.

"Distance learning" means instruction in which the pupil and instructor are in different locations. "Distance learning" may include, but is not limited to, all of the following:

(1) Interaction, instruction, and check-ins between teachers and pupils through the use of a computer or communications technology.

(2) Video or audio instruction in which the primary mode of communication between the pupil and certificated employee is online interaction, instructional television, video, telecourses, or other instruction that relies on computer or communications technology.

(3) The use of print materials incorporating assignments that are the subject of written or oral feedback.

As soon as practicable following the determination that instruction or services, or both, cannot be provided either at the school or in person for more than 10 school days due to a qualifying state of emergency, the parent will be notified as to the specific alternative means by which the student's IEP will be provided, in light of the emergency circumstances present at that time. Public health orders shall be taken into account in implementing the emergency conditions provision.

Distance Learning Means of Delivery, to the extent feasible: Do any of the following apply? If yes, describe how services will be delivered.

☑ Yes ☐ No Special Education and Related Services: (1) above, (2) above, (3) above

☑ Yes ☐ No Supplementary aids and services (accommodations, modifications, and other supports) in the IEP: (1) above, (2) above, (3) above

☑ Yes ☐ No Transition to Adult Life Services: (1) above, (2) above, (3) above

☑ Yes ☐ No Extended School Year (ESY) Services: (1) above, (2) above, (3) above

Parent and IEP Team Comments:
Parent and team discuss that Laks requires two screens/devices to access ASL support and effectively participate in distance learning.

HEALTH and/or EMERGENCY CARE PLAN

Ventura County SELPA IEP

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

HEALTH and/or EMERGENCY CARE PLAN FOR (list all diagnoses)

School: A.C.C.E.S.S. (COE)	**Teacher:**	**Grade:** 12 +	**Room:**
Parent Name: Nambi Gnanasambandam Phone: 8055790633	Parent Name: Phone:	Parent Name: Phone:	
Healthcare Provider(s): Dr. Kundell / Dr. Abi	Phone(s): 805-480-3730 /	Preferred hospital: Los Robles or closest hospital	
School Nurse: Kimberly Hernandez	Phone:	Date plan written/reviewed: 10/20/2023 ☐ review	

Diagnosis & History:
Autism, Ventricular Septal Defect, Allergies to latex, figs/other unidentified foods (coughing, gagging & face swollen), profound hearing loss-right cochlear implant. Per parent, one dose of Benadryl is tolerated, an increased amount causes hallucinations. Tylenol PRN for pain/headache-check with parent first before admin

Medications: Claritin-10mg daily as needed, Epi-pen as needed, Tylenol as needed, Xopenex nebulizer. Vimpat 100mg BID

Allergies: Latex, Fig, other unidentified foods, amoxicillin, Augmentin, Benedryl (hallucinations).

IF YOU SEE THIS	DO THIS
Mild to Moderate Symptoms: For suspected or known exposure to allergen with no symptoms or presenting with mild to moderate symptoms including: MOUTH: Itching, tingling of lips, tongue, mouth NOSE: Itchy or runny nose, sneezing SKIN: Few hives, mild itch GUT: Nausea, abdominal cramps	Mild to Moderate Symptoms: • Move to quiet area of the classroom. •Monitor student, observe for worsening of symptoms. If symptoms worsen, give Epi-Pen (if ordered by MD). •Contact parent and school nurse.
Severe Symptoms: For suspected or known exposure to allergen presenting with severe symptoms including: MOUTH: Significant swelling of lips, tongue, and mouth THROAT: Tightening of throat, hoarseness, hacking cough LUNG: Shortness of breath, repetitive coughing, wheezing HEART: Weak or thready pulse, low blood pressure, fainting, pale, blue coloring of skin GUT: Repetitive vomiting, severe diarrhea	Severe Symptoms: •Administer Epi-Pen 0.3mg. Inject into the outer thigh intramuscularly, if ordered by MD. •Call 911. Tell them student is having an anaphylactic reaction and Epinephrine has been given. *Consider giving additional medications following epinephrine: Antihistamine / inhaler if wheezing/cough. •Lay the person flat, raise legs and keep warm. If breathing is difficult or they are vomiting let him lay on his side or sit up. • Monitor airway and breathing. •Notify parent and school nurse.

IF EMERGENCY OCCURS: Call 911 for life threatening emergency. Stay with student or designate another adult to do so. Provide ongoing care to student. Designate someone to call principal and school nurse. The following staff are trained by the school nurse to address this health/emergency (check all that apply): ☑ Special Ed. Teacher ☐ General Ed. Teacher ☐ Administrator ☐ Health Clerk ☑ Paraeducator ☐ Other: VCOE trained staff

USE STANDARD PRECAUTIONS WHEN DEALING WITH BODY FLUIDS

HEALTH and/or EMERGENCY CARE PLAN Continued

Ventura County SELPA IEP

IF YOU SEE THIS	DO THIS
Standard First Aid for Seizure with Midazolam Nasal Spray (MD order) First seizure 6/2022. Warning signs/typical type: Unresponsive/no response, head/eye deviation or looking up and convulsive movements. Typical length 1 minute. Post seizure: mild confusion for half a hour or so. 11/2022: Grand Mal seizure reported at home. Medication added Vimpat. Seizure lasted approximately 1 minute.	Seizures •Protect from injury. / Stay Calm. Attempt to position on side if possible. •Time Seizure. Monitor AIRWAY, BREATHING & CIRCULATION. lay on his side or sit up. • Allow for recovery time- do not feed or put on bus until fully recovered • Notify Parent & School Nurse. •Document on seizure log When to give medication/when to call 9-1-1 (MD Order) •Give Midazolam 5 mg. inhaler/Nasal spray at onset of seizure. •May repeat one more dose in 10 minutes if still seizing. •Side effect: sedation from med possible. • Continue to monitor student and notify parent and school nurse. Additional reasons to call 9-1-1 •difficulty breathing or repeated seizures, or if seizure activity is different from other episodes or student is having unusual or serious problems. • If not responding in five minutes after seizures or recurrent seizures >2. **If 9-1-1 called, provide first responders with a copy of the EHCP**

IF EMERGENCY OCCURS: Call 911 for life threatening emergency. Stay with student or designate another adult to do so. Provide ongoing care to student. Designate someone to call principal and school nurse. The following staff are trained and deemed competent to deal with this health/emergency situation: VCOE Trained staff

USE STANDARD PRECAUTIONS WHEN DEALING WITH BODY FLUIDS

Additional page for:
- ☑ Meeting Summary
- ☑ Parent Comments
- ☐ Other: _____

The team convened on November 27, 2023. This IEP meeting was conducted via video conference. School team members of the IEP and parent each attended via video conference.

Procedural Safeguards were sent electronically before the meeting. Parent acknowledged

Meeting participants: Mr. Abraham (special ed teacher), excused (general ed teacher), Mrs. Masson (speech pathologist), Mrs. Masson (speech and language), Mr. Lazansky (occupational therapist), Mrs. Hernandez (nurse), Dr.Stencler (principal/administrator), Mr. Sanchez (Tri-Counties service coordinator), Mrs. Karmani (Death and Hard of Hearing specialist), and Mr. and Mrs. Nambi (parents).

Purpose of Meeting Reviewed: This is an annual IEP and the team will discuss progress toward previous goals, proposed new goals, accommodations, supports and services in order to meet Laks' needs.

Parent concerns were obtained: Mrs. Nambi wants to make sure Laks works on his independent living skills.

Progress towards previous goals was presented and present levels were discussed. Laks met 4 out of 9 goals.

He did not meet the following goals:
Goal 1- goal not met- he has made good progress. He continues to require a prompt to use his device.
Goal 2- goal not met- He substantially met this goal. He knows the community signs but he does not always do it independently. He is currently at 3 out of 5 opportunities. They also are focusing on safety signs out in the community and that may also be in the home.
Goal 6- goal not met- He partially met this goal. He understands the task, however he needs additional prompts. The skill is there but needs support to continue the task.
Goal 7- goal not met- He does not always share his ID bracelet independently. He tolerates the bracelet well.
Goal 8- goal not met- He partially met this goal. He will do it with one prompt but he is still working on his independence.

Teacher input was shared and present levels of performance were shared.

Medication was updated. Parents will provide the school nurse an updated doctor's order to administer the Epi pen. The school nurse reviewed the Health and Emergency Care Plan.

Transition to Adult Life information was discussed. Course of Study information was reviewed. Regional Center shared with the team information regarding when Laks transitions to adulthood. Mom wants to make sure they start working on this now rather than wait. The Department of Rehabilitation can also work with Laks if he is interested in obtaining employment once he ages out of the post secondary program.

Parents will reach out to Nicolas and discuss his transition as they have more questions and the team will meet again to continue the IEP meeting.

Meeting adjourned at 1:30 pm.

The team convened on December 7, 2023. This IEP meeting was conducted via video conference. School team members of the IEP and parent each attended via video conference.

Procedural Safeguards were sent electronically before the meeting. Parent acknowledged

Meeting participants: Mr. Abrahan (special ed teacher), Mrs. Masson (speech pathologist), Mrs. Masson (speech and language), Mr. Lazansky (occupational therapist), Mrs. Hernandez (nurse), Dr.Stencler (principal/administrator), Mr. Sanchez (Tri-Counties service coordinator), Mrs. Karmani (Death and Hard of Hearing specialist), and Mr. and Mrs. Nambi (parents).

Purpose of Meeting Reviewed: This is a continuation annual IEP and the team will discuss progress toward previous goals, proposed new goals, accommodations, supports and services in order to meet Laks' needs.

Parents were able to meet with Nicholas and that was very helpful. Parents will visit day programs soon.

Mr. Abraham reviewed the Transition to Adult Life page with the team.

The IEP team proposed draft annual goals based on present levels of performance, assessment results and parent/team member input.

The IEP team discussed accommodations for classroom instruction and assessment.

The Positive Behavior Intervention Plan was reviewed with the team. Mom asked if he touches his private parts. Mr. Abraham indicated that he rarely engages in this behavior. It usually happens 1-2 times a month but he is easily redirected.

The Emergency Conditions page was reviewed and the team discussed how distance/remote learning will be provided under future emergency conditions that close the school.

Least restrictive environment and the continuum of services were discussed. After a discussion of options, parent/team member input, and present levels of performance, the District's offer of a free and appropriate public education within the least restrictive environment was presented. Each of the special education services noted on the front page of the IEP were reviewed with the parent.

Tina will reach out to the audiologist to conduct a HAT evaluation.

The Supplementary Supports page was reviewed with the team. The IEP team noted that Laks is at risk for regression without recoupment and therefore does require Extended School Year Services. Transportation was added.

The Participation and Agreement Forms were reviewed with the parent. Parent was advised how the forms will be sent for signature and that written consent is required before any component of the IEP can be implemented.

Meeting adjourned 11:10 am.

PARENT/ADULT STUDENT AGREEMENT

Ventura County SELPA IEP

Student Name Nambi, Lakshmaan S D.O.B. 8/18/2002 Meeting Date 10/19/2023

The following components of the IEP were explained and discussed at this meeting. Parent/Adult Student initials below indicate agreement with respective provisions in this IEP document unless specified below.

_____ Parent/Adult Student Rights – Within the last year, I have received a copy of and understand the rights afforded to me. I understand that this program will be reviewed annually and that I may request a review of this program at any time.

_____ Assessment Reports – I have received copies of all the reports discussed.

_____ Progress toward previous goals was reviewed, and I received a copy of the Progress Report.

_____ This IEP was prepared, reviewed and communicated with me in understandable language, including abbreviations. I have had the opportunity to provide input in developing this program. The district facilitated parent involvement as a means of improving services and results for my child.

_____ Eligibility – I agree with the eligibility determination.

_____ Annual Goals – I agree with the goals in this IEP except as noted below.

_____ Services – I agree with the services stated in this IEP except as noted below.

_____ Progress Reports – I was informed that the custodial parent/adult student will receive written reports of progress toward goals concurrent with general education reporting periods at the school of attendance. Exception(s): _____

N/A _____ Parent/Adult Student offered translation ❑ Declined ❑ Accepted: _____ Language_____

High School / Postsecondary Only:

N/A _____ I was informed that all special education rights will be/were transferred to student upon reaching age of majority.

N/A _____ I was informed that graduation from high school with a regular diploma ends the district's obligation to provide a free, appropriate public education.

_____ I give the district permission to exchange information with and invite to the next IEP meeting the adult agencies specified on the *Transitioning From Public School* page.

Parent/Adult Student Approval: _____ **Agree with IEP** _____ **Agree except as noted below:**

This IEP will be implemented except for areas of disagreement noted above. Comments, if any:_____

Parent/Guardian/Surrogate/Representative	Date	Parent/Guardian	Date	Adult Student	Date

❑ Private School – This IEP represents the Moorpark Unified District's offer of a Free Appropriate Public Education. As parents have chosen to enroll student/continue enrollment in a private school in the _____ District, any services to be offered will be in accordance with the private school guidelines of the district in which the private school is located. Parents were given information for contacting district where private school is located.

Signatures of IEP team members in attendance can be found on the Meeting Participation form.
